BIRD AND GAME OFFICIALS
LISTED IN DIRECTORY

- - -

To present in convenient form the addresses of officials and organizations from whom information may be obtained concerning game conditions and laws for the protection of wild life, the Biological Survey of the United States Department of Agriculture, has issued Department Circular 298, Directory of Officials and Organizations Concerned with the Protection of Birds and Game, 1923, compiled by George A. Lawyer and Frank L. Earnshaw. It shows the organization and personnel of the various State game departments, and the publications issued by each.

Legislative changes, affecting administrative organizations, occurred during the year in four States: Idaho, Tennessee, Wisconsin, and Pennsylvania. The circular describes these changes, and calls attention to new organizations formed since the preceding list was issued.

Copies of the circular may be obtained by those interested, while the supply lasts, on application to the United States Department of Agriculture, Washington, D. C. .
